

# Key features of the new double-decker electric buses

**MORE  
USER-FRIENDLY**

## Colour display system

Shows route information like upcoming bus stops.

## Front door

It will have centre pole removed so parents with open strollers can board.

Before

**CHARGING  
4 hours**

Each charge can last between

**200km and 300km**

**QUIETER**

Ambient noise level of an electric bus is  
**75 decibels,**  
three points lower than that of a typical diesel bus.

**CAPACITY**

**120 passengers**

10 per cent fewer than diesel buses

**BETTER FOR THE ENVIRONMENT**

The 60 electric buses will together reduce carbon dioxide emissions by

**7,840 tonnes**

a year, the equivalent of emissions from 1,700 cars

**COST**

**50-100 per cent**

more than diesel buses
